

Dishmatic

Introducing the new and improved

Dishmatic

Dishmatic, Britain's favourite fillable dishwasher has a new design and is now improved to help with those stubborn dishes!

A quality sponge scourer and fillable handle in one, **Dishmatic** is your 'ready to use' dishwashing system and is now made with even more recycled components (Handles made from 50% and refills 61% recycled material) all designed and manufactured here in the UK.

With an 'easier to use' refillable handle and sponges that are even simpler to replace, **Dishmatic** is simply your natural answer to washing up!

So the next time you are at your sink feeling the dread of those dinner pots reach for your **Dishmatic** with its new and colourful handle and choose the appropriate interchangeable sponge head for your crockery.

Dishmatic will also save you money as it only ever dispenses as much washing up liquid as necessary, and helps to reduce dishwasher usage!

Dishmatic's truly functional design is clean, efficient, long lasting, environmentally friendly and with all this in one small package – it's a kitchen essential! The market leader in its field, **Dishmatic** is the natural choice.

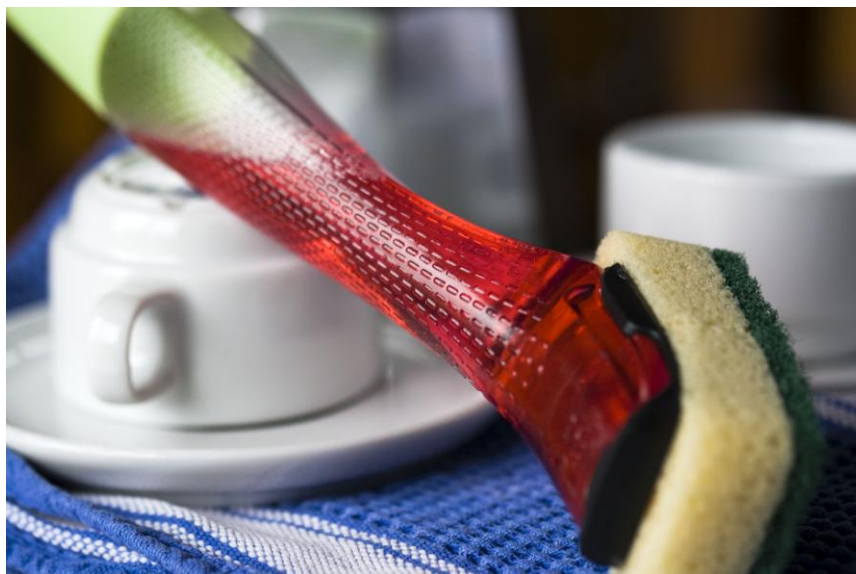

Dishmatic - £1.19mrp – Dishmatic Refills - £1.49mrp (pack of 3)
